CareSource Kentucky Co. is a
Qualified Health Plan issuer in the

CareSource Medicine List: December 2017

Your guide to best-cost options

CareSource provides your prescription benefits. We understand benefits can be confusing and sometimes costly. To help, we have created a list of medicines used to treat common health conditions. This list is your guide to best-cost options. The medicines are best-cost options because they can provide the same health benefits as more expensive medicines, but cost less. Many conditions have treatment options that vary in cost. This list can make it easier for you and your doctor to choose effective, lower-cost medicines first.

Prior Authorizations

CareSource may require health partners to send us information about why a drug or a certain amount is needed. This is called a prior authorization request. CareSource must approve the request before a member can get the drug. The abbreviation “PA” is used in the PDL to show that a prior authorization is needed.

Here are some reasons for a prior authorization:

- A generic or alternative drug is available.
- The drug can be misused or abused.
- There are other drugs that must be tried first.

Prior Authorization Requests

Health care partners may make prior authorization requests by phone or fax. Please call 1-855-852-5558 and follow the prompts, or fax to 1-866-930-0019.

If we receive the request before 5 p.m. on Friday, we will give a decision with 24 hours. It may take longer than 24 hours for requests received on weekends and most holidays. We may not approve a prior authorization request for a drug. If we don't, we will send the member information about how to appeal our decision.

Tell Us the Medical Reasons for Exceptions

Sometimes a member may have a drug allergy or intolerance. Or, a certain drug may not be effective for a member. In these cases, the member or the member's representative may ask for an exception to a drug listed on the PDL. The member or member's representative must call Member Services to make the request. To reach Member Services, call **1-888-815-6446** (TTY: 1-800-648-6056 or 711), Monday through Friday, 7 a.m. to 7 p.m. Eastern Standard Time (EST).

CareSource then contacts the appropriate health partner. CareSource may ask the health partner to provide written clinical documentation about why the member needs an exception. Health partners must provide this information.

CareSource will provide a decision no later than 72 hours after the request is received. If the member is suffering from a serious health condition, CareSource will provide a decision within 24 hours. As part of the process, CareSource will consider whether the requested drug is clinically appropriate.

Typically, our PDL includes more than one drug for treating a condition. These medicines are called “alternative” drugs. CareSource will generally not approve the request for an exception if an alternative drug would be just as effective as the drug requested and would not cause other health problems.

Using the List

Use the list to check if your current medicines are best-cost options. If not, ask your doctor if a medicine on the list is right for you. Also, take the list with you each time you or your family visits a doctor.

PLEASE NOTE: This list is a guide to medicines used to treat common conditions only. It does not include all the medicines covered by your benefit plan. For a complete and updated list, visit [CareSource.com/marketplace/KY](https://www.caresource.com/marketplace/KY) or call the toll-free number on the back of your benefit ID card.

About the List: Medicines are grouped into two parts

Part 1 – Medicine List, sorted by which body system or condition they treat, and

Part 2 – Index, sorted by the alphabet, for quick reference

- **Most of the medicines are generics.** Consider generics first. They are safe, effective and generally lowest cost.
- Generic medicines are in *lowercase italics*. For example, *diclofenac*.
- All generics available may not be listed. **Generics not listed are still usually your best-cost option and should be considered first.**
- If NO generic is available, the most effective and cost-effective brand-name medicine(s) are listed. They should be tried before other, higher-cost brand names.
- Brand-name medicines are listed in all CAPs. For example, ENBREL.
- The list can change at any time as new medicines come out and older medicines are available as generics. If a brand name becomes available as a generic, the brand name will no longer be considered a best-cost option. The generic version of that medicine will instead.
- Your actual plan may not cover certain treatments, even if they are on this list.

About Generics

Today, there are many generic medicines to treat short and long-term conditions. It makes sense to try them because for most, they work just as well as higher-priced, brand-name medicines but cost less. Why pay more than you have to, to stay healthy? Are you still unsure if generics are right for you? Consider these facts:

- Lower cost does not mean lower quality. The U.S. Food and Drug Administration (FDA) requires generics to have the same high quality, strength, purity and stability as brand-name medicines.
- The research, development and advertising of new medicines cost a lot of money. Generics are lower cost because companies that make them don't have to start from scratch. They then pass the savings on to you, the consumer.
- All generics must meet the same FDA standards as brand names. Generic medicine has the same active ingredients and must perform the same as the brand name.

Part 1 – Medicine List

Medicines by body system or condition they commonly treat

Your best-cost options are listed below by body system or condition they commonly treat. Some medicines may be used to treat other conditions. The list is divided into three columns:

- **Column 1** is the medicine name. Remember, generics are in lowercase italics and should be considered first.
- **Column 2** is the medicine’s cost-sharing tier. Cost-sharing is the copay (coinsurance) amount you have to pay out-of-pocket for the medicine. The tiers are 0, 1, 2, 3, 4 and 5. In general, the copay amount increases as the tier number increases. Tier number 0 has no copay or coinsurance. Tier number 1 has the lowest copay amounts and tier number 5 has the highest. Visit [CareSource.com/marketplace/KY](https://www.caresource.com/marketplace/KY) or call Member Services at the toll-free number on the back of your ID card to learn about your exact copay amounts.
- **Column 3** lists the requirements or limits CareSource has for the medicine. Please review the Legend at the bottom of each page to learn about each requirement or limit.

Legend: Requirements & Limits

OTC	Over the Counter	OTC medicines are nonprescription products that are not usually covered by a prescription benefit plan. CareSource pays for certain OTC medicines, but your cost may differ among them.
PA	Prior Authorization	CareSource needs your doctor to submit and get prior approval or authorization for medicine. This means that you need to get approval from CareSource before you fill your prescriptions. If you don’t get approval, CareSource may not cover the medicine.
QL	Quantity Limits	CareSource limits the amount of the medicine that it will cover. For example, CareSource provides two inhalers per prescription for Combivent Respimat. This may be in addition to a standard 1-month or 3-month supply.
ST	Step Therapy	CareSource needs you to try certain medicines as the first step to treat your health condition before covering another medicine for that condition. For example, if Medicine A and Medicine B both treat your condition, CareSource may not cover B unless you try A first. If A does not work for you, CareSource will then cover B.
HRM	High Risk Medicines	Medicine may not be appropriate for persons ages 65 and older. CareSource needs your doctor to submit and get prior approval or authorization for medicine. This means you need to get approval from CareSource before you fill your prescription. If you don’t get approval, CareSource may not cover the medicine.
PA**	PA Applies if Step is Not Met	CareSource needs you to follow step therapy rule above. But if it is not, CareSource needs your doctor to submit and get prior approval or authorization for the medicine as explained by the prior authorization rule.

Part 2 – Index (medicines listed alphabetically for quick reference)

You can locate your best-cost options in the Index. Generic and brand names are listed together by the first letter of the medicine name. This list can help you find a medicine if you are unsure what body system or condition to look under. **If you are unable to find your current medicine OR if it is not on this list, visit [CareSource.com/marketplace/KY](https://www.caresource.com/marketplace/KY) or call the toll-free number on the back of your ID card.**

DISCLAIMERS

1. Listed products are for informational purposes only and are not intended to replace the clinical judgment of the prescriber.
2. This list represents a summary of prescription coverage. It is not a complete list and does not guarantee coverage. Any brand-name medicine for which a generic product becomes available may require prior authorization or may not be covered. Unless specifically indicated, list products will include all oral dosage forms, except for orally disintegrating formulations. This list represents brand-name products in CAPs and generic products in lowercase *italics*. Listed products may be available generically in certain strengths or dosage forms. Dosage forms on this list will be consistent with the category and use where listed. Log on to **CareSource.com/marketplace/KY** to check coverage.
3. Copay, copayment or coinsurance means the amount, out-of-pocket, you're required to pay for a prescription in accordance with a plan. This may be a deductible, a percentage of the prescription price, a fixed amount or other charge with the balance, if any, paid by the plan.

Your privacy is important to us. Our employees are trained regarding the appropriate way to handle members' private health information.

This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers not affiliated with CareSource.

Pharmacy Exception Policy

CareSource has an exception process that allows the covered person or the covered person's representative or prescriber to make a verbal or written request for exception within 60 calendar days following a denial notification. Covered persons can refer to the Pharmacy Exception policy that can be found at **CareSource.com/marketplace/KY**.

A covered person should refer to their Evidence of Coverage for complete information on their Prescription Drug benefit.

PLEASE NOTE: CareSource provides dental services related to accidental injury. Covered persons who have selected enhanced dental and vision benefits may obtain preventive, basic and restorative dental services.
