## Getting started in CareSource MyCare Ohio

CareSource MyCare Ohio wants you to get the care you need. We make sure you have an Integrated Care Team so that all parts of your care are coordinated. This team is led by a Care Manager who makes sure your medical doctors, behavioral health providers, Long-Term Services and Support (LTSS) teams all work together. And the team keeps you at the center of all care decisions. The Integrated Care Team participates in things like health assessments, developing your care plan, putting the plan into practice, and making changes to the care plan as needed. The Care Manager directs and supports these activities to help you meet your health goals.

This section explains key terms you'll see in our Provider and Pharmacy Directory.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term services and supports, supplies, prescription drugs, equipment and other services.
  - The term *providers* also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and supports.
  - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you see a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider** (PCP) is an individual physician, physician group, Advance Practice Nurse (APRN) or Physician Assistant (PA), or Women's Health specialist trained in family medicine (general practice), Internal Medicine or Pediatrics who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - **Oncologists** care for patients with cancer.
  - **Cardiologists** care for patients with heart conditions.

**If you have questions**, please call CareSource MyCare Ohio at 1-855-475-3163 (TTY: 1-800-750-0750 or 711), Monday – Friday, 8 a.m. – 8 p.m. The call is free. **For more information**, visit [CareSource.com/MyCare](https://www.caresource.com/MyCare).

- **Orthopedists** care for patients with certain bone, joint, or muscle conditions.
- You also have access to a **care manager** and a **care team** that you choose. Your PCP will work closely with your care manager and care team.
  - Your care manager helps you manage all your providers and services. He or she works with your care team to make sure you get the care you need.
  - Your care team includes the people you need to support your care plan and provide for your individual health care needs. Your team may include your PCP, Care Manager, pharmacy, social services, behavioral health specialists and family and/or primary caregivers that you choose. . . Everyone on the care team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that he or she can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

## Identifying Providers in CareSource MyCare Ohio's Network

You must get all of your covered services from providers within our network. These providers have an agreement to work with us and provide you services. We call these providers “network providers.”

The exceptions to this rule are when you need long-term nursing home care, urgent or emergency care, or dialysis and cannot get to a provider in the plan, such as when you are away from home. Also, for a specific period of time after your enrollment with CareSource MyCare Ohio, you can see your out-of-network physicians and other service providers, including nursing homes and assisted living providers, home health nurses, aides and LTSS or “waiver services” providers. You can also go outside the plan if CareSource MyCare Ohio gives you permission first. Call Member Services to ask for the use of providers outside of our network, so we can make arrangements for you.

- You may change providers within the network at any time. If you have been going to one network provider, you do not have to keep going to that same provider.
- CareSource MyCare Ohio works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide. If you need to see a provider and are not sure if they offer the accommodations you need, CareSource MyCare Ohio can help you. Talk to your Care Manager for assistance.

## Pharmacies

This part of the Directory provides a list of pharmacies in CareSource MyCare Ohio's network. These network pharmacies are pharmacies that have agreed to provide prescription drugs to you as a member of the plan.

→ CareSource MyCare Ohio members must use network pharmacies to get prescription drugs.

- You must use network pharmacies except in emergency or urgent care situations. If you go to an out-of-network pharmacy for prescriptions when it is not an emergency or urgent care situation, including when you are out of the service area, call CareSource MyCare Ohio's toll-free Member Services or 24-hour nurse advice line for assistance in getting your prescription filled.
- If you go to an out-of-network pharmacy for prescriptions when it is not an emergency, you will have to pay out of pocket for the service. Read the CareSource MyCare Ohio Member Handbook for more information.

→ Some network pharmacies may not be listed in this Directory.

- Some network pharmacies may have been added or removed from our plan after this Directory was published.

For up-to-date information about CareSource MyCare Ohio network pharmacies in your area, please visit our web site at [CareSource.com/MyCare](http://CareSource.com/MyCare) or call Member Services at 1-855-475-3163, Monday – Friday, 8 a.m. to 8 p.m. TTY users should call 1-800-750-0750 or 711. If you do not get your prescription drug(s) within this time, if you would like to cancel an automatic order, or if you need to ask for a refund for prescriptions you got that you did not want or need, please contact us at 1-855-475-3163 (TTY: 1-800-750-0750 or 711).***

Si no recibe sus medicamentos recetados en este plazo, si le gustaría cancelar un pedido automático o si necesita solicitar un reembolso para recetas que recibió que no quería o necesitaba, comuníquese con nosotros al 1-855-475-3163 (TTY: 1-800-750-0750 o 711).***
