# Flexible Coverage at \$0 Cost

If you receive “Extra Help” from Medicare to pay for your prescription drugs, all covered Part D drugs are \$0

## Flexibility to choose...

- A pharmacy within our national network that’s right for you.
- A 30-day supply, 60-day supply, or even a 102-day supply.
- Retail or mail order.

We recommend you fill the medications you take for a short-term at retail (like antibiotics used to treat an infection).

We recommend you fill 102-day supplies of those medications you have taken for a long time. Pick retail or mail order. Mail order gives you the flexibility of home delivery. Talk to your prescriber about which of your meds are right for 102-day supplies.

# What Is Extra Help?

- Help paying for any Medicare drug plan's monthly premium, yearly deductible and prescription copayments.
- People with limited income and resources may qualify for "Extra Help" from Medicare (also known as Low-Income Subsidy). Some people automatically qualify for Extra Help and don't need to apply. Medicare mails a letter to people who automatically qualify for Extra Help.
