Subject: Fee Schedule Resources and Links

We value our health partners and want to make it easier for you to get the information you need. Please use this Network Notification as a guide for accessing information regarding fee schedules. The Centers for Medicare & Medicaid Services (CMS) provide links to fee schedules and instructions for using them.

- CMS provides a [physician fee schedule search](#) tool for providers. Click on “Start Search” to enter search criteria relating to specific HCPCS codes. If you have not used this tool, click “Help with Physician Fee Schedule Search” at the bottom of the page to view a PDF with instructions.
- A [DME fee schedule](#) is also available for reference. To access this file, go to the DME Fee Schedule page on the CMS website. Then, click “DME14_A”, a zip file in the middle of the page. This will open a new window. Click on the “DME2014 Jan.xlsx” file (or the most recent DME2014.xlsx file). Using this file you can scroll to Ohio using the scroll bar at the bottom of your screen.

NOTE: This information may change frequently. Please continue to check back on the CMS website for the most up-to-date version of these schedules.
