

# NETWORK *Notification*

**Notice Date:** May 10, 2024  
**To:** Georgia Medicaid Providers  
**From:** CareSource  
**Subject:** 2024 Member Well-Child Visit and Vaccine Raffle

---

## Summary

CareSource is pleased to announce that Mar. 1, 2024 through Dec. 1, 2024, we are offering a \$50 raffle for members who complete their Well-child visit (WCV) **AND** for adolescent human papillomavirus (HPV) second vaccine. Members will be entered into the raffle if they meet the qualifications.

## Impact

WCVs and immunizations are critical opportunities to track members' growth and development. This is especially important coming out of the COVID-19 pandemic, **during which well-child visits dropped by at least 20%<sup>1</sup>.**

Our monthly raffle for a \$50 gift card is meant to encourage our members to complete a WCV and for members who receive their 2<sup>nd</sup> HPV vaccine. ***The raffle is in addition to the WCV and immunization rewards members may be eligible to receive.***

## What's Needed from You?

We encourage you to be aware of and share this information with our members when appointments are scheduled. **Reminder:** If you, as a provider, are participating in our value-based reimbursement (VBR) program, there are potential earnings via that program!

## Questions?

For questions, please contact the CareSource Quality department at **1-855-202-1058**, or your CareSource Health Partner.

**Thank you for your partnership!**
