

# NETWORK *Notification*

**Notice Date:** July 2, 2024  
**To:** Georgia Medicaid Providers  
**From:** CareSource  
**Subject:** CareSource Partnering with LIBERTY Dental Plan  
**Effective Date:** January 1, 2025

---

## Summary

We are pleased to announce an exciting new partnership between CareSource and LIBERTY Dental Plan ("LIBERTY") for Georgia Medicaid members beginning Jan. 1, 2025, pending the Department of Community Health's (DCH's) approval. This collaboration is part of our ongoing commitment to support our valued Oral Health Care providers with enhanced network offerings and an improved experience.

LIBERTY has 15 years of experience serving over 2.7 million Medicaid Managed Care members in Florida, Oklahoma, California and Nevada. Their unique care management model enables them to care for both children and adults, including pregnant women and those with special needs. In addition to administration, LIBERTY also brings care management and a dental home model.

## Impact

In order to continue seeing CareSource Medicaid members for dental and oral health care, providers must participate with LIBERTY Dental Plan.

Action may be required with the LIBERTY contracting department to ensure continued relationship with CareSource's Georgia Medicaid members. You will receive further instructions with LIBERTY in the coming months.

## Questions?

If you have any questions regarding this program or participation in the LIBERTY Dental Plan network, please contact them by calling **1-888-352-7924** or emailing [provider@libertydentalplan.com](mailto:provider@libertydentalplan.com).
