## Summary

Macomb County Community Mental Health (MCCMH) is going through organizational changes, and effective December 31, 2024, there will be an adjustment to MCCMH partnership with the health plans that provide behavioral health coverage to MI Health Link beneficiaries. This includes HAP CareSource MI Health Link enrolled members. This change is purely a transition in how MCCMH does business with the health plans. This does NOT have any effect on member benefits or services available to members.

## Impact

HAP CareSource MI Health Link members who are living in Macomb County and are currently receiving behavioral health services from MCCMH will now have their behavioral health services coordinated by HAP CareSource MI Health Link instead of MCCMH. Member benefits remain the same, the only change taking place is who manages these benefits.

## Importance

Authorizations and coordination of these benefits are provided by HAP CareSource MI Health Link for members who live within Macomb County. Authorizations should be submitted per the guidance outlined in the Referrals and Authorizations section of the Provider Manual. This section includes information on submitting a Prior Authorization Request. The Provider Manual can be found on **HAPCareSource.com** by clicking Providers > Provider Manual.

## Questions?

If you have any referral or prior authorization questions, please call our Utilization Management department at **1-833-230-2159**.

For all other questions, please call Provider Services at **1-833-230-2159**.
