

Re: Summary of Formulary Changes Effective October 1, 2024.

Dear CareSource Member:

Your Formulary is an important part of your Prescription Drug Benefit because it shows what drugs may be covered for you, what limits may apply and what tier drugs are in. A committee of health care providers, like doctors and pharmacists, decide what will be included on your Formulary. This is called the Pharmacy and Therapeutics (P&T) Committee.

The P&T Committee looks at your Formulary regularly to make sure it is up to date. The P&T Committee met recently to update the Formulary. Please review the tables below to see how the Formulary is changing.

Drugs in this table will be added to your Formulary effective August 14, 2024.

DRUG NAME	FORMULARY TIER	COVERAGE LIMITS

Please talk to your provider or pharmacist about these changes. They can help you get a new prescription if needed. A new prescription may or may not be the best choice for you. If not, you or your provider can request an exception. You can find the request form on **CareSource.com** on the Drug Formulary page. Your provider can also submit a request electronically or by faxing it to 1-866-930-0019.

If you or your provider have any questions, please contact Member Services at the number on your CareSource member ID card.

Sincerely,

CareSource RxInnovations
