# ADMINISTRATIVE POLICY STATEMENT

## Wisconsin Marketplace

Policy Name & Number	Date Effective
Itemized Billing-WI MP-AD-1458	01/01/2025
Policy Type	
<b>ADMINISTRATIVE</b>	

Administrative Policy Statements are derived from literature based on and supported by clinical guidelines, nationally recognized utilization and technology assessment guidelines, other medical management industry standards, and published MCO clinical policy guidelines. Medically necessary services include, but are not limited to, those health care services or supplies that are proper and necessary for the diagnosis or treatment of disease, illness, or injury and without which the patient can be expected to suffer prolonged, increased, or new morbidity, impairment of function, dysfunction of a body organ or part, or significant pain and discomfort. These services meet the standards of good medical practice in the local area, are the lowest cost alternative, and are not provided mainly for the convenience of the member or provider. Medically necessary services also include those services defined in any Evidence of Coverage or Certificate of Coverage documents, Medical Policy Statements, Provider Manuals, Member Handbooks, and/or other plan policies and procedures.

Administrative Policy Statements do not ensure an authorization or payment of services. Please refer to the plan contract (often referred to as the Evidence of Coverage or Certificate of Coverage) for the service(s) referenced in the Administrative Policy Statement. Except as otherwise required by law, if there is a conflict between the Administrative Policy Statement and the plan contract, then the plan contract will be the controlling document used to make the determination.

According to the rules of Mental Health Parity Addiction Equity Act (MHPAEA), coverage for the diagnosis and treatment of a behavioral health disorder will not be subject to any limitations that are less favorable than the limitations that apply to medical conditions as covered under this policy.

## A. Subject

### **Itemized Billing**

## B. Background

Itemized bill review is the analysis of inpatient facility itemized billing statement against Common Ground Healthcare Cooperative (“CGHC”) policies and industry standard guidelines, as well as State and/or federal billing guidelines. CGHC may request an itemized bill for an inpatient facility claim to verify that billed revenue codes represent charges for appropriately billed items, supplies and services. Routine items, supplies, and services are to be included in the primary inpatient room and board charge and are not separately reimbursable.

## C. Definitions

- **Inpatient Hospital Claim** – Claims submitted for a member who has been admitted by a physician order to an inpatient hospital bed to receive inpatient services.
- **Itemized Bill** – A comprehensive list of all services and goods provided during the inpatient hospital stay which lists the costs and descriptions associated with the service and/or good.

## D. Policy

- I. CGHC follows the CMS Provider Reimbursement Manual guidelines, chapter 22, sections 2202.6 and 2203.
  - A. Routine services defined by CMS chapter and section above are services included by the provider in a daily service charge, sometimes referred to as the “room and board” charge.
  - B. Routine services are composed of two broad components: (1) general routine services, and (2) special care units (SCUs), including coronary care units (CCUs) and intensive care units (ICUs). Included in routine services are the regular room, dietary and nursing services, minor medical and surgical supplies, medical social services, psychiatric social services, and the use of certain equipment and facilities for which a separate charge is not customarily made.
- II. For diagnostic-related group (DRG) high dollar claims exceeding \$25,000, an itemized bill is required for review.
- III. The following supplies, items, and services are typically not separately billable and therefore are not reimbursable from the general room and board charge or primary service charge. This list contains examples only and is not an all-inclusive list:
  - A. capital/medical equipment
  - B. fluoroscope
  - C. hydration flushes
  - D. implants and supplies
  - E. inpatient private duty nursing
  - F. oximetry

The ADMINISTRATIVE Policy Statement detailed above has received due consideration as defined in the ADMINISTRATIVE Policy Statement Policy and is approved.

- G. rental equipment
- H. routine supplies

IV. If upon review of the itemized bill, charges are determined to exceed state or federal reimbursement guidelines or a CGHC specific policy, then reimbursement will be reduced accordingly.

V. Provider exception requests to reimbursement reductions may be submitted via standard provider appeal process and should include supporting documentation (eg, medical records or operative notes to support requested payment exception).

E. Conditions of Coverage  
N/A

F. Related Policies/Rules  
N/A

G. Review/Revision History
