HAP CareSource™ Clinical Practice Registry

The Perfect Tool to Streamline Your Practice!

The HAP CareSource™ Clinical Practice Registry is an online tool available to health partners to identify and prioritize needed health care services, screening, and tests for HAP CareSource members. The Clinical Practice Registry is easy to access via the secure HAP CareSource provider portal.

- **Identify gaps in care:** View preventive service history and easily identify Healthcare Effectiveness Data and Information Set (HEDIS®) gaps in care to discuss during appointments
- **Holistically address patient care:** Receive alerts when HAP CareSource members need tests or screenings, review member appointment histories and view their prescriptions
- **Improve clinical outcomes:** Easily sort HAP CareSource members into actionable groups for population management

The registry is color-coded, so you can easily identify areas of focus for your patients:

Green Indicates **compliance** and provides service date

Yellow Indicates **service is needed** and provides most recent service date

Red Indicates service is **past due** and provides most recent service date

Grey Not applicable

The registry includes information on, but not limited to, the following quality measures:

- Adult access
- Breast cancer screening
- Cervical cancer screening
- Colorectal cancer screening
- Chlamydia screening
- Diabetes

- Emergency room visits
- Lead screening
- Well-care visit
