

SPRING 2025

MEMBER *Source*

A Newsletter for HAP CareSource™ Medicaid Members

Your Voice Matters & We Want to Hear it!

What you think about your HAP CareSource health plan and the services we provide **matters**. Your feedback helps ensure you get the highest quality of care.

We partner with Press Ganey each spring to ask you about your health care experiences. Members are chosen at random to take the survey. Your information is anonymous. It may come to you by email, mail or phone call.

Here's what we learned from last year's survey:

Areas we scored well in include:

- How you rated your doctor and overall health care
- Getting you the care you needed
- Answering your questions when you call us
- How you can choose and change your own doctor

Areas we are working on to improve your experience include:

- More access to after-hours routine and mental health care via telehealth and Teladoc
- Addition of HAP CareSource Life Services Program that provides services and support with access to food, housing, employment opportunities and more
- Easier access and understanding of incentives and rewards for healthy activities

We want to deliver quality service to you. The only way to know if we are doing that is to hear from you! If you receive the survey, we hope you will take it. If you have already taken the survey, thank you!

Whether it's information on benefits, health conditions, covered drugs or additional support & resources, on **HAPCareSource.com** you will find:

- Important plan documents
- Find a Doctor tool
- Covered Drug List
- 24-Hour Nurse Advice Line

Call us at 1-833-230-2053 (TTY: 711).

We can help:

- Schedule a doctor's visit
- Get translation services
- Understand your benefits and coverage
- Connect you with Care Manager or Life Coach

HAP CareSource™

Thank You

For Being a HAP CareSource Member

We care about you. We want you to learn about your benefits, services and what programs are available.

Learn about your plan.

Find the benefits and services covered under your plan at **HAPCareSource.com**. Learn:

- The toll-free number to call if you have questions. How to reach us if you need TTY services.
- How to get interpreters for sign language or in the language you speak. They can help you talk with us or your providers. You can also get materials in other formats. This is all at no cost to you.
- Your pharmacy benefits. This includes:
 - Our Preferred Drug List (PDL).
 - If there are limits on any medications. You can also learn about generic substitution, therapeutic interchange and step-therapy.
 - How to get medications not on the PDL. Learn how providers can help you get an exception.
- Your financial responsibility. This includes copays, coinsurance or other charges. You will find the form to submit a claim to get paid back if you paid for a covered service.
- Your rights and responsibilities as a member.
- How we manage care, benefits, access to services and other issues.
- How to let us know if you are unhappy with us. You will also find how to appeal a decision that affects your coverage, benefits or services.

Take your Health Needs Assessment (HNA).

It gives you tips and tools that help you improve your health. Take the HNA in one of these ways:

- **Phone:** Call **1-833-230-2011** (TTY: 711) Monday through Friday from 7 a.m. to 6 p.m.
- **Online:** Sign up or log in to **MyCareSource.com**.

Learn about our providers.

Visit **FindADoctor.CareSource.com** for a list of our providers. Find providers like primary care providers (PCPs), specialists, hospitals, clinics and more. Choose a provider who will meet your needs. Filter by where they are located, their gender, specialty, board certification and more. You can also learn:

- How to choose your PCP and schedule a visit.
- How to see a specialist, mental health provider and get emergency care.
- Where to get care if your PCP is not available or it is outside of their normal office hours.
- How to get emergency care, either going to an ER or calling 911.
- How to get care if you travel outside of the plan area. Learn more about rules if you need to see a provider outside of your plan area.

Learn how we manage your plan.

We want you to get the best care. We do this:

- Through our Quality Program. It is here to make sure you get good care and service.
- By our commitment to protect your privacy. Our privacy practices and HIPAA/Member Consent goes over routine consent and how it lets us use and share health information about you. They also go over how we use authorizations. You can choose if you want us to share personal health information that is not covered by routine consent. Ask us for a list of where your information was shared.
- By letting you know how and when we add new technology as a benefit.
- Through our policy that does not let those who make coverage decisions benefit financially from them.
- By having an independent external appeal process for utilization management decisions.
- By making available your option to choose your own doctor.
- By making sure you have access to in-network women's health specialists for covered routine and preventive health care services without a referral.
- By making sure you have access to specialists for special health care needs. This includes long-term services and support.
- By providing information about your doctor's incentive plans, upon request.
- Through your right to a second opinion.
- Through your right to have necessary services covered out of network, if they are not available in-network.
- By coordinating out-of-network costs for you.
- By sharing information about advance directives.
- By sharing information about our clinical practice guidelines. These are recommendations to ensure you are getting the best care.

Find health and wellness programs.

Our zero cost programs can help you reach your best health. You may get materials about them in the mail. We may also call you about them. We may sign you up if we hear from your provider, pharmacy or other healthcare source. Call Member Services to opt-in or out. A few of these programs are:

- **Care Management:** We have a team who works with you, your providers, and any caregivers to meet your health needs. They help you navigate the health care system. They can also help coordinate your care.
- **MyHealth:** Adults age 22 and older get interactive tools and small step guides to help set and track your health goals. You can even earn rewards for many activities. Learn more at [CareSource.com/members/education/myhealth/](https://www.CareSource.com/members/education/myhealth/).
- **myStrengthSM:** Get personalized support to better your mood, body and spirit. Visit bh.mystrength.com/CareSource to sign up.
- **Medication Therapy Management:** Learn about your medications and the right way to use them.

Please call Member Services. The number is on the back of this newsletter. We are here to help.

Member Moments

True stories of triumph in
HAP CareSource Life Services

Theo

Theo needed a lot of help when he first signed up for HAP CareSource Life Services. He had lost everything, but a HAP CareSource Life Coach helped him rebuild his life. Theo got help with housing, getting a driver's license and finding a good job.

HAP CareSource Life Services partners with top employers to recommend our members for their open jobs. Theo learned about the "A-B-C" ladder: Any Job, Better Job, Career! First, he started with temporary employment to get some income flowing. Then his Life Coach helped him with his resume and interview skills. Soon Theo was able to get a full-time job with a major automotive parts maker. He was excited to launch a real career! Now Theo is hopeful for the future.

We can help you, too!

HAP CareSource Life Services can help pave the way from where you are to where you want to be. These services are part of your plan at no cost to you.

To learn more,
email MichiganLifeServices@CareSource.com
or call 1-855-491-8350 (TTY: 711).

No Internet Access? No Problem.

Call Member Services. We can help you get what you need. The number is on the back of the newsletter.

What is Preventive Care?

Preventive care includes yearly checkups, screenings and vaccines. This care helps prevent illness, disease and other health problems. It can help your doctor find illness at an early stage when treatment is likely to work best.

The preventive care you need changes with age. Talk to your doctor about what care is right for you.

*Source: Centers for Disease Control and Prevention.
www.cdc.gov/chronic-disease/prevention/preventive-care.html.*

Stay Healthy and Prevent the Flu

The flu can spread from person to person through coughing or sneezing. People may also get the flu by touching something with the live flu viruses on it. Then they touch their mouth or nose. Help prevent the spread of the flu by washing your hands often for at least 15-20 seconds. The best way to prevent the flu is to get a flu vaccine each year. Visit CareSource.com/flushot to learn more.

Start Your Day Strong

A morning routine can help you feel more in control of your day.
It can help your physical and mental health. Here's why:

1

It gives you energy.

Stretch, drink water or eat a healthy breakfast. This helps wake up your body and mind so you feel ready for the day.

2

It reduces stress.

When you know what to do each morning, you don't have to rush or worry about forgetting something. Taking a little time to plan helps you start your day feeling calm.

3

It builds good habits.

Doing the same healthy activities every morning makes them part of your daily life. Over time, these habits can make you stronger, happier and more organized.

You don't need a long or fancy routine. Pick a few things that make you feel good and stick with them. Soon, you'll see how a morning routine can make your whole day better!

Unlock Your Health Potential With Our Rewards Programs

Did you know that many of the steps you take towards better health can earn you great rewards? Make wellness fun and rewarding. Learn how you can start earning today!

HAP CareSource MyKids

Our rewards program for kids ages newborn to 21 years old.

- Your child is automatically enrolled in the program.
- When your child does healthy activities, money is added to your rewards card. Use your card to buy items like clothes, diapers and groceries.

**Rewards are earned once each year unless noted.
Rewards expire one year after they are issued.*

Rewards for Adults

As a member 22 years or older, you are automatically enrolled in MyHealth.

- Log in to **MyCareSource.com** and click the **MyHealth** link under the **Health** tab to get started. You can also track your progress and view your balance here.
- Rewards are added to your account when you complete healthy activities.
- Redeem your rewards for gift cards to your favorite stores in your **MyCareSource.com** account.

**Rewards are earned once each year unless noted.
Rewards earned in 2025 will expire in December of 2026.*

Learn more about rewards at

[CareSource.com/mi/plans/medicaid/benefits-services/rewards/](https://www.caresource.com/mi/plans/medicaid/benefits-services/rewards/)

You can also call Member Services. The number is on the back of this newsletter.

How to Read a Nutrition Label

Understanding a Nutrition Label
Helps You Make Better Food Choices.

Here's what the different sections mean:

Serving Size: This tells you the amount of food in one serving. If you eat more than one serving, you need to multiply the numbers on the label.

Calories: This shows how much energy you get from one serving. To learn how many calories you should eat per day, check out www.myplate.gov/myplate-plan.

Nutrients: This shows you the key nutrients that can impact your health. Too much sodium (salt), added sugars or saturated fats can be harmful to your health. Try to eat less of these. Instead, choose foods with more fiber and protein.

% Daily Value: This tells you how much of each nutrient is in one serving, based on a whole day's needs. Five percent or less is low while 20% or more is high.

*Source: U.S. Food and Drug Administration
www.fda.gov/food/nutrition-facts-label/how-understand-and-use-nutrition-facts-label*

How Can Your Pharmacist Improve Your Health?

Pharmacists are part of your health care team. They can teach you a lot about your prescriptions and if they impact each other. They can give shots to prevent illness and keep you healthy. They can check your blood pressure and blood sugar. Pharmacists can also give you tips to help you remember to take your medicine. They can provide support for tobacco cessation. Ask your pharmacist how they can help improve your health.

Do you have questions about your medications?

Talk to a HAP CareSource pharmacist. You do not need an appointment! Call **1-833-230-2073** to speak with a pharmacist today.

Get the Most Out of Your Plan

We are excited to have you as a member of HAP CareSource! We want you to start enjoying your plan benefits right away. It's easy!

1

Learn about your benefits.

Review your plan documents. You can quickly see what is covered, where to get care and your rights and responsibilities as a member. Visit **CareSource.com/mi/plans/medicaid/plan-documents/** to view your plans materials.

2

Use the Find a Doctor tool.

Find a provider, specialist or see if your current providers are in our network. Visit **FindADoctor.CareSource.com** to get started.

3

Keep your current treatment plans and care.

If you are being treated for a health issue, call Member Services so we can help you continue your care and prescription drugs.

4

Fill out your Health Needs Assessment.

We want you to stay healthy. Using a few questions about your health and lifestyle, we can help your providers coordinate your care.

Not sure where to go for care?

Call our 24-Hour Nurse Advice Line. They can help answer your questions and help you get the care you need. The number is on the back of this newsletter.

Navigating Allergy Season: Tips for a Sneeze-Free Season

In the spring, we can look forward to warmer weather, sunshine and being outdoors. Spring can also bring allergies. Allergies occur when your body has a reaction to things like pollen, mold or dust mites. Common signs include itchy eyes, runny nose and sneezing.

Here are a few tips to keep your allergies at rest this spring:

- **Use air filters.** Changing your air filters regularly can prevent bad air quality in your home.
- **Talk to your doctor.** Your doctor can help talk through your symptoms and create an action plan to help you feel better.
- **Wear a mask during spring cleaning.** Wearing a mask can prevent you from breathing in dust particles.

Look forward to outdoor activities this spring by understanding the causes and signs of allergies. Remember, there are many ways to feel better. You are not alone!

YOU ASKED FOR IT!

Your Top Questions
to Member Services

How do I get my ID card?

Call Member Services if you never received your member ID card or if your information is incorrect.

Once you get your ID card, make sure to keep it with you. It is the key to using your benefits. You will need to show it to your health care providers.

How do I know if my medicine is covered?

Find out if a drug is covered at **HAPCareSource.com**. We have a searchable drug list. Go to **Find My Prescriptions** under **Members** then **Tools & Resources**. Choose your **Plan Name** to find out which drugs are covered. It is where the most current drug list can be found. You can also call Member Services.

Health Care Terms... Explained

Health care terms can be hard to understand. We are here to help. Here are a few trickier terms defined:

Medically necessary

Care needed to identify or treat an illness, condition, disease or its symptoms.

Network provider

A doctor, hospital, drugstore or other provider that gives care.

Preventive care

Routine care like screenings and exams. You get this care to help stop a health problem from occurring. Learn more about this type of care on page 4.

Prior authorization

Approval that may be needed before you get a service. The service must be necessary for your care. Your provider will take care of this for you.

Your Member Handbook has even more defined terms. Find it under **Plan Documents** on **HAPCareSource.com**. You may also call us to have a copy sent to you at no cost.

Need a Ride?

We can help! You can get rides to health care visits. This includes going to your dentist, eye doctor or hearing visits. Get a ride for pickups at your pharmacy. We can take you to renew your Medicaid benefits at your county Job and Family Services or Women, Infants and Children (WIC) appointments.

These rides are at no cost to you. Transportation can be scheduled up to 30 days in advance.

Car Ride

- Request a ride at least two business days before you need a ride.
- Wheelchair accessible rides are available. Please let us know if this is something you will need.
- Same-day or next day trips for urgent needs may be available.

Bus Pass or Token

- Request at least two business days before you need a ride.
- Bus service must be available in your area.

Other Options

- Call before your visit or pickup to see if mileage reimbursement is an option for you. Reimbursement limits apply.

Services Covered for YOU

You get all medically necessary Medicaid-covered services at no cost to you. *Medically necessary* means you need the services to prevent, diagnose, or treat a medical condition. You should not be billed for these services. Call Member Services if you get a bill. Services covered by HAP CareSource can be found in your member handbook. You can find the handbook at **CareSource.com/mi/plans/medicaid/plan-documents/**. You can also get a printed copy sent to you when you call Member Services.

What to Do if You Get a Bill

You get all medically necessary Medicaid-covered services at no cost to you. *Medically necessary* means you need the services to

Helping You Stay on Your Feet

As we age, our body goes through changes. Our health gradually declines and the risk of falling increases. A few simple precautions can help you reduce your risk and stay healthy. Help prevent falls for you or your family members. Improve safety in your home. Here's how:

- Remove clutter, throw rugs and other obstacles.
- Make sure area rugs are secured to the floor so they do not slide.
- Use a nonslip mat or shower chair while bathing.
- Use nightlights in bedrooms, bathrooms and hallways.

You can also ask your doctor these questions:

- Do any of my medications cause dizziness?
- Am I active enough? What can I do to gain and maintain strength and balance?
- How can I get a cane or walker if I need one?

3 Tips for Choosing a New Provider

Your primary care provider (PCP) can help you meet your health goals. That's why it's important to have someone you can trust. But how do you choose one? Use the tips below when choosing a provider for you or your family:

- 1 Check to see if the doctor is a part of the HAP CareSource network:** Having a doctor in-network means you can have the best coverage for your care.
- 2 Find the best fit and type of doctor:** Based on your health care needs, there are different types of doctors:
 - Family practice doctors: Take care of people of all ages. They can help anyone in your family.
 - Internal medicine doctors: Offer care for adults only.
 - Pediatricians: Offers care for children, 18 years of age and younger.
 - Obstetricians and Gynecologists (OB/GYNs): Offer care for women only. Women can choose to get all their care in one place.
 - Physician's assistant or nurse practitioner: Offer primary care services and prescriptions.
- 3 Location:** Consider if the office is near your home or work. This will make appointments more convenient.

Spring Into Self-Care!

The days are getting longer, and the flowers are starting to bloom. Spring is a time for fresh starts. Start fresh by making time for you! It's important to maintain a healthy mind and body. We have started a self-care checklist for you. These are just a few ways you can make sure you are taking care of yourself.

Self-care checklist:

- ☒ Drink more water.
- ☒ Listen to music.
- ☒ Declutter a space.
- ☒ Try yoga or stretching.
- ☒ Watch a sunrise or sunset.
- ☒ Call a friend.
- ☒ Eat your lunch outside.

What Can Care Management Do For You?

☒ Take our quiz. Which of the following services can our Care Managers help you with?

- ☐ Work with your health care team to coordinate your care.
- ☐ Answer questions and help you learn more about your health.
- ☐ Help you understand your symptoms and medicines.
- ☐ Help you find local resources for things that affect your health, like food and housing.
- ☐ Give you strategies you can use to live a better quality of life.
- ☐ Serve you with care, respect and compassion.

If you answered “all of the above,” you are right! Call your Care Manager if you have questions. If you leave a message, please allow 24 hours for your Care Manager to return your call. If you do not know who your Care Manager is, please contact us. Just call **1-844-217-1357**.

Non-Discrimination Notice

We follow all state and federal civil rights laws. We do not discriminate, exclude, or treat people differently based on race, color, national origin, disability, age, religion, sex (which includes pregnancy, gender, gender identity, sexual preference, and sexual orientation), or based on marital, health, or public assistance status. We want all people to have a fair and just chance to be as healthy as they can be.

We offer free aids, services, and reasonable modifications if you have a disability. We can get a sign language interpreter. This helps you talk with us or to your providers. Get your printed materials in large print, audio, or braille at no cost. We can also help if you speak a language other than English. We can get an interpreter who speaks your language. Or get printed materials in your language. You can get this all at no cost to you.

Call **1-833-230-2053** (TTY: 711) if you need any of this help. You can reach us 24 hours a day, seven days a week. We are here for you.

You may file a grievance if we did not provide these services to you or if you think we discriminated in any other way.
