CareSource | NETWORK *Notification*

Notice Date:	**February 28, 2022**
To:	**Marketplace Providers**
From:	**CareSource**
Subject:	**COVID-19: Oral Medications for Treatment**
Effective Date:	**January 1, 2022**

Beginning on May 12, 2023, this notification is expiring in alignment with the end of the Public Health Emergency.

Summary
In December 2021, the U.S. Food & Drug Administration (FDA) issued emergency use authorizations for Paxlovid (nirmatrelvir and ritonavir) and molnupiravir for the treatment of mild-to-moderate COVID-19. CareSource has worked with our Pharmacy Innovation Partner, Express Scripts, to ensure that Marketplace members have access to these medications through our plans at no cost to our members.

Impact
Prescriptions for Paxlovid and molnupiravir will be covered for CareSource Marketplace members within the following limits.

Medication	Quantity Limit	Age Limit
Paxlovid (nirmatrelvir/ritonavir)	1 treatment course (30 tablets) per 180 days	Ages ≥12 years
Molnupravir	1 treatment course (40 tablets) per 180 days	Ages ≥18 years

Please refer to the FDA Fact Sheet for Healthcare Providers for Paxlovid or molnupiravir for additional information about dosing or administration.

Paxlovid and molnupravir may not be available from every pharmacy. You can search for pharmacies that have these therapies available here: https://healthdata.gov/Health/COVID-19-Public-Therapeutic-Locator/rxn6-qnx8/data.

Importance
By working together to prevent and treat COVID-19, we can mitigate the impact of this disease in our communities. Thank you for your collaboration in providing care to our members.

Questions?
We are here to help you with any questions. We are here to help you with any questions. For questions, call CareSource Provider Services Monday through Friday, 8 a.m. to 6 p.m.
