Re: Summary of Drug Coverage Changes Effective October 1, 2024.

Dear Health Partner,

We are dedicated to partnering with you to manage members' care in the most effective way. The CareSource Pharmacy and Therapeutics (P&T) Committee meets regularly to review Medical Benefit Drug policies and make updates as necessary.

We encourage you to talk with your CareSource patients before the effective date to help facilitate a smooth transition. Drug-specific criteria and policies are at the end of this notice.

Drugs listed below have a change in coverage. Details are included.

Drug Name	Coverage Change
Brineura	Prior authorization is required for medical benefit code: J0567
Evenity	Prior authorization is required for medical benefit code: J3111
Evkeeza	Prior authorization is required for medical benefit code: J1305
Kanuma	Prior authorization is required for medical benefit code: J2840
Lamzede	Prior authorization is required for medical benefit code: J0217

Upon request, we can send a list of your CareSource members taking any medication. Please email PharmacyConversionProgram@CareSource.com. Include medication names and your secure fax number in the request. We will fax your list of patients prescribed these medications.

We know patient care is of the utmost importance to you. A letter was sent to members who may be negatively impacted by this change. In it, we recommended they contact their prescriber with questions.

Additional Resources

You can view the Medical Benefit Drug policies on the Provider page at CareSource.com. Select [Provider Policies](#) from the Tools and Resources menu, under the Providers drop down. Provider Policies include links to applicable clinical and administrative policies.

We recognize each patient as unique and appreciate your partnership in transitioning members who may be impacted by policy changes. We are here to help. If you have questions, please call CareSource Pharmacy Services at <1-800-488-0134, available Monday through Friday, 7 a.m. to 8 p.m. Eastern Time (ET)>.
