

How To Use Your Provider Directory

This directory is a list of health care providers you may go to. You may need to see your primary care provider (PCP) first before you go to some of them.

Please call our member services at **1-800-390-7102** (TTY for the hearing impaired: 1-800-649-3777 or 711) if you have trouble reading or understanding this directory. We can provide it in your primary language. Written translations may be available in other languages. We also have this information for the visually impaired. *Si usted prefiere esta informacion en Espanol, favor de llamar a CareSource at 1-800-390-7102.*

The information in this directory may change. Do you have questions? Please call CareSource member services at **1-800-390-7102** (TTY for the hearing impaired: 1-800-649-3777 or 711).

This directory is in sections by county. You are not limited to providers in the county you live in. If you don't find the provider you're looking for listed in your county, please check bordering counties in this directory or on our website. Go to www.caresource-michigan.com. Choose Member tab and select Member Materials. Or call CareSource member services at **1-800-390-7102** (TTY: 1-800-649-3777 or 711). Providers are listed by specialty for each county.

Please remember these tips:

Primary Care Providers (PCPs)

Your PCP is your personal health care provider. He or she will:

- Work with you to direct your health care
- Treat you for most of your health needs
- Send you to specialists if you need to go
- Admit you to the hospital

Please choose a PCP from this directory if you haven't already done so. Then tell CareSource your choice. You must choose a PCP from one of the following:

- Family Practice
- Internal Medicine (adults)
- Pediatrician (children)
- General Practice
- Physician Assistant
- Nurse Practitioner (Family or Pediatric Nurse Practitioner)

Hospital and Urgent Care Reference Guide

Hospitals are under each county. Call our member services at **1-800-390-7102** if you need help finding a hospital near you.

Types of Providers

The information below will help you understand what kind of care you can get from different providers. This is not a complete list of the types of providers you can see. Please call our member services if you have questions.

- **Mental Health Services** – Inpatient and outpatient mental health services.
- **Certified Nurse Midwives (CNMs)** – Nurses who have special training to help you with pregnancy, labor and delivery. You may choose one instead of an Ob/Gyn doctor.
- **Chiropractors** – Treat back pain.

- **Family Planning** – Pregnancy tests, screenings, and other resources. This helps you decide when to have a baby.
- **Hospitals** – Your PCP will send you to a hospital listed in this directory if you need surgery, tests or other services. You can go to **any** hospital emergency room if you have an emergency. You can go whether it is listed here or not.
- **Obstetricians/Gynecologists** – Provide care that deals with the female reproductive system as well as pregnancy, labor and care shortly after delivery.
- **Pediatrics** – Care for babies and children.
- **Pharmacies** – They fill your prescriptions. The pharmacy fills your prescriptions through our Pharmacy Benefits Manager (PBM). The PBM makes sure the pharmacies are qualified to deliver services to you.
- **Podiatrists** – Provide foot care.
- **Urgent Care/After Hours** – Call your PCP if you need urgent care. He or she may be able to see you right away. If not, you can go to a participating urgent care center. Or you can call CareSource 24, our 24-hour nurse advice line for help. Just call **1-866-206-0488**.

Self-Referral Providers

You can go to many types of providers without contacting your PCP first. Just call them to make an appointment. They include:

- **Family Planning** – This is care that involves pregnancy testing and other screenings. You can get birth control and resources to help you decide when to have a baby. You can also get these services from your PCP or a health department.
- **Federally Qualified Health Centers** – You can go to any FQHC without a referral from your PCP.
- **Nurse Midwives** – These are nurses who have special training to help you with pregnancy, labor and delivery. You may choose one instead of an OB/Gyn doctor.
- **Services from providers listed under Public Health and Maternal Infant Health Program** - These are health departments and community health agencies.
- **Child and Adolescent Health Centers**

All female members are allowed to self-refer to certified nurse midwives (CNMs), obstetricians and gynecologists in CareSource's provider network. Please call **1-800-390-7102** (TTY for the hearing impaired: 1-800-649-3777 or 711) for a list of CareSource women's health specialists listed in the directory.

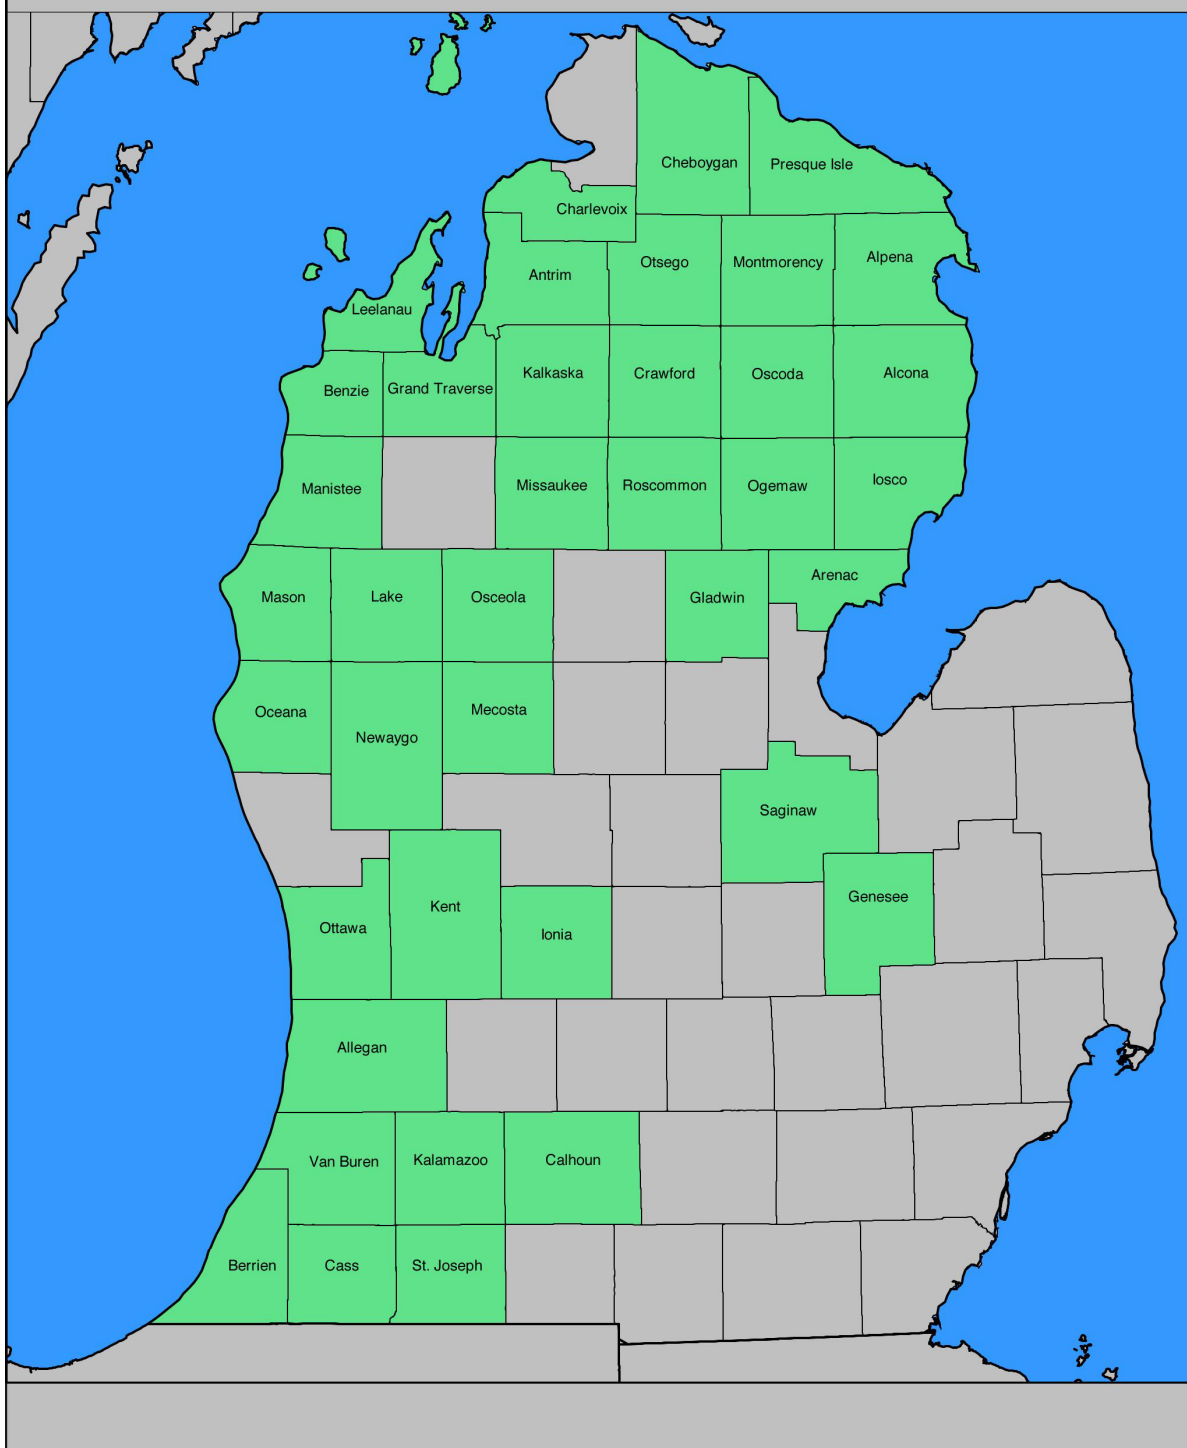

We review the professional qualifications of the providers in our directory except where noted. This helps make sure you get quality care. Please call us for more details. Thank you.

How to use your Mental Health benefits:

If you need to use your mental health benefit, call Comprehensive Behavioral Care before you see a therapist or go to a hospital. The number you call is 1-800-435-5348. When you call, you will speak with a Care Manager who can help you obtain the services you need. If you have an emergency after business hours, call the same 800# and a Care Manager will help you. Remember, you need to call the 800# before you go to see a therapist.

Note: Caresource does not cover Substance Abuse Services, these services are covered directly by Medicaid. Please call your local Substance Abuse Coordinating Agency (listed in your local phone book) or contact Comprehensive Behavioral Care at 1-800-435-5348 for help in obtaining the phone number of your local agency.

How to use your Vision Care benefits:

If you want to use your vision care benefit for routine eye examinations and corrective wear, call Vision Service Plan at 1-800-877-7195. Vision Service Plan will provide you with vision benefit information and give you the phone number(s) of participating providers in your area.

This list is subject to change. If you need additional information, please call Caresource Service Center at 1-800-390-7102.
